

DCN-SWAPI Conference Software API

- ▶ Exchange and synchronize delegate and participants information with 3rd party systems
- ▶ Import of vote scripts
- ▶ Encoding ID cards solution for 3rd party systems
- ▶ Example C-Sharp source code available
- ▶ Extensive software developer manual available

DCN-SWAPI is deployed as Microsoft.Net components to be used by 3rd party applications to modify, add, remove and update a subset of the DCN-SW configuration data.

System Overview

A 3rd party application will be connected to the DCN-SW Conference Software server as a client in the same way as the DCN-SW Configuration Application does.

All changes applied through the DCN-SWAPI affect the meeting- configuration and currently active meeting immediately.

All changes applied to the configuration data of a currently active meeting, will be actualized immediately to the operational state of the system.

Functions

- Add or remove delegates to the system. This implies per delegate:
 - Definition of title, first, middle and last name
 - ID-card assignment
 - Assignment to a group (e.g. political party)
 - Language assignment
- Update delegate information
- Encode ID-card for a delegate

- Assign or remove delegates as participant to or from a prepared or active meeting. This implies per participants:
 - Assignment to the meeting
 - Assignment to a seat
- Add or remove votes to/from a voting script of a prepared or active meeting. This implies per voting:
 - Assignment to voting script
 - Definition of voting template to use
 - Definition of voting answer set to use
 - Definition of voting 100% setting
- Update voting information in a voting script of a prepared or active meeting
- Example C-Sharp source code and extensive software developer manual available on DCN-SW DVD

Ordering Information

DCN-SWAPI Conference Software API
to be used by 3rd party applications to modify, add, remove and update a subset of the DCN-SW configuration data. Can only be used in combination with DCN-SW Conference Software module. Can not be used with the DCN Wireless Discussion System (DCN-WCCU).

DCN-SWAPI

DCN-SW Conference Software Main Module

a platform on which all other Conference software modules run
